

01 PREGARKA 🚴 32 km | 690 vm

pretežno makadam | srednja zahtevnost

Pregarka vodi iz Hrušice na prelepe raglede, kjer se prepletajo gozdovi, sadovnjaki in značilne kamnite vasi. Trasa poteka skozi Podbeže, Tominje in Harije ter obiskovalcem ponuja številne razglede na dolino Posrtrice, Brkine in okoliške griče. Med vožnjo kolesarji spoznavajo pristno podeželsko okolje in kulturno krajino, ki jo oblikujeta sadjarstvo in tradicionalni način življenja. Pot je posebej primerna za gravel in gorska kolesa.

mostly gravel | moderate difficulty

The Pregarka Trail leads from Hrušica to the scenic ridges of the Brkini Hills, where forests, orchards, and traditional stone villages create a distinctive rural landscape. The route passes through Podbeže, Tominje, and Harije, offering beautiful views of the Posrtica Valley, the Brkini Hills, and the surrounding countryside. Along the way, cyclists experience authentic rural life and a cultural landscape shaped by fruit growing and local traditions. The route is particularly suitable for gravel and mountain bikes.

05 SVIŠČAKI-KAMBRCE 🚴 11 km | 265 vm

pretežno makadam | lahka zahtevnost

Pot Sviščaki–Kambrce v celoti poteka po makadamskih cestah skozi prostrane in mirne snežniške gozdove, eno najbolj ohranjenih gozdnih območij v Sloveniji. Trasa vodi po višje ležečem svetu z dolgimi, zmernimi vzponi in tekočimi spusti, zato je posebej primerna za gravel in XC gorska kolesa. Med vožnjo kolesarji doživijo občutek odmaknjenosti, tišine in pristnega stika z neokrnjeno gozdno naravo pod Snežnikom. Pot ponuja edinstveno doživetje ene najbolj ohranjenih naravnih pokrajin v Sloveniji.

mostly gravel | easy difficulty

The Sviščaki–Kambrce Trail follows gravel roads through the vast and peaceful Snežnik forests, one of the best-preserved forest areas in Slovenia. The route traverses higher terrain with long, moderate climbs and smooth descents, making it particularly suitable for gravel and XC mountain bikes. Along the way, cyclists experience a unique sense of remoteness, silence, and close contact with unspoiled forest nature beneath Mount Snežnik. The trail offers a memorable experience in one of Slovenia's most pristine natural landscapes.

09 MILANJA 🚴 40 km | 985 vm

pretežno makadam | srednja do zahtevna

Milanja vodi skozi slikovito pokrajino Zgornje Pivke in kraški svet pod Snežnikom. Pot se začne v Baču ter kolesarje popelje mimo razvalin gradu Kalec, do razglednega Šilentabora in skozi mirne vasi, kot so Šembije. Trasa združuje asfaltne in makadamske odseke, tudi gozdne ceste pod Veliko Milanjo. Med vožnjo se odpirajo čudoviti razgledi na dolino Pivke, okoliške gozdove in vrhove Snežniškega pogorja. Pot je posebej primerna za gravel kolesa.

mostly gravel | moderate to challenging

The Milanja Trail leads through the scenic Upper Pivka Valley and the karst landscape beneath Mount Snežnik. Starting in Bač, the route passes the ruins of Kalec Castle, the panoramic viewpoint at Šilentabor, and peaceful villages such as Šembije. It combines paved and gravel roads, including forest sections below Velika Milanja. Along the way, cyclists enjoy beautiful views of the Pivka Valley, surrounding forests, and the peaks of the Snežnik mountain range. The route is particularly suitable for gravel bikes.

02 ŽGANJEKUHA 🚴 30 km | 675 vm

mešana podlaga | srednja zahtevnost

Žganjekuha vodi iz Ilirske Bistrice v slikovito pokrajino Brkinov, kjer se prepletajo sadovnjaki, gozdovi in tradicionalne vasi. Trasa poteka mimo kulturnozgodovinske vasi Prem in gradu Prem, enega najpomembnejših gradov na Primorskem, nato pa se nadaljuje skozi razgibano podeželje z lepimi razgledi na dolino Reke in okoliške griče. Ob poti kolesarji spoznavajo območje, znano po sadjarstvu in tradicionalni žganjekuhi, ki je pomemben del kulturne dediščine Brkinov.

mostly gravel | moderate difficulty

The Žganjekuha Trail leads from Ilirska Bistrica into the scenic landscape of the Brkini Hills, where orchards, forests, and traditional villages create a distinctive countryside setting. The route passes the historic village of Prem and Prem Castle, one of the most important castles in the Primorska region, before continuing through rolling countryside with beautiful views of the Reka Valley and surrounding hills. This circular route is particularly suitable for gravel and mountain bikes.

06 LISJAKOVA 🚴 12 km | 190 vm

makadam | lahka zahtevnost

Lisjakova pot je prva izmed treh tematskih kolesarskih poti, ki se začnejo pri Mašunu in vodijo skozi prostrane snežniške gozdove. Trasa poteka proti Blatni dolini in se prek Strgarije vrača na izhodišče. Kljub krajši razdalji ponuja nekaj živahnih vzponov in prijetno vijuganje med gozdnimi jasami ter mogočnimi drevesi. Zaradi nezahtevne dolžine in mirnega okolja je pot primerna za rekreativne kolesarje, družine ter vse, ki želijo sproščeno doživeti naravo Snežnika.

gravel surface | easy difficulty

The Lisjakova Trail is the first of three themed cycling routes starting at Mašun and exploring the vast Snežnik forests. The route leads towards Blatna dolina and returns via Strgarija, offering a pleasant ride through forest clearings and beautiful woodland scenery. Although relatively short, it includes a few steeper sections and enjoyable winding stretches. Thanks to its moderate length and peaceful surroundings, it is ideal for recreational cyclists, families, and anyone wishing to experience the natural beauty of the Snežnik region.

10 NA KONFINI 🚴 29 km | 635 vm

pretežno makadam | srednja zahtevnost

Pot Na konfini se začne v Hrušici in vodi skozi gozdove ter razgibano pokrajino na robu Brkinov. Trasa poteka mimo značilnih kamnitih vasi, kot sta Starod in Sabonje, ter ponuja lepe razglede proti Slavniku in okoliškim gričem. Med vožnjo kolesarji spoznavajo pristno podeželsko okolje, prepleteno z gozdovi, travniki in kraškimi značilnostmi. Krožna pot se po prijetnih vzponih in spustih vrne na izhodišče v Hrušici.

mostly gravel | moderate difficulty

The Na Konfini Trail starts in Hrušica and leads through forests and rolling landscapes on the edge of the Brkini Hills. Passing traditional stone villages such as Starod and Sabonje, the route offers beautiful views towards Mount Slavnik and the surrounding countryside. Along the way, cyclists experience an authentic rural environment shaped by forests, meadows, and karst features. After a series of enjoyable climbs and descents, the circular route returns to its starting point in Hrušica.

03 KLOBUK 🚴 18 km | 385 vm

pretežno makadam | lahka do srednja zahtevnost

Pot Klobuk je krožna kolesarska trasa, ki vodi po mirnih makadamskih cestah in gozdnih poteh nad Ilirsko Bistrico. Pot združuje prijetne vzpone, sproščene spuste in odseke skozi neokrnjeno naravno okolje. Poimenovana je po hribu Klobuk, kolesarje pa nagradi z odprtimi razgledi na okoliško pokrajino in prijetnim občutkom umika od prometnih cest. Tehnično je nezahtevna do zmerno zahtevna, zato predstavlja odlično izbiro za rekreativne kolesarje, ki si želijo aktivnega doživetja v naravi.

mostly gravel | easy to moderate difficulty

The Klobuk Trail is a circular cycling route that follows quiet gravel roads and forest tracks above Ilirska Bistrica. The route combines enjoyable climbs, relaxing descents, and scenic stretches through unspoiled natural surroundings. Named after Klobuk Hill, it rewards riders with open views of the surrounding landscape and a peaceful atmosphere away from busy roads. Technically easy to moderately demanding, it is an excellent choice for recreational cyclists looking for an active outdoor experience in nature.

07 JELENOVA 🚴 20 km | 300 vm

makadam | srednja zahtevnost

Jelenova pot vodi skozi prostrane gozdove Snežniškega pogorja, kjer prevladujeta mir in občutek prave divjine. Začne se v Mašunu, znanem po bogati gozdarski tradiciji, nato pa poteka po gozdnih cestah skozi eno največjih strnjenih gozdnih območij v Sloveniji. Med vožnjo se odpirajo pogledi proti Snežniku in gozdovom Notranjske, ob poti pa je mogoče opaziti tudi sledi bogatega živalskega sveta.

gravel surface | moderate difficulty

The Jelenova Trail leads through the vast forests of the Snežnik mountain range, offering peace and a true sense of wilderness. Starting in Mašun, known for its forestry tradition, the route follows forest roads through one of Slovenia's largest continuous woodland areas. Along the way, cyclists enjoy views towards Mount Snežnik and the forests of Inner Carniola, while traces of wildlife can often be seen in the surrounding landscape.

11 KATARINA 🚴 43 km | 750 vm

asfalt in makadam | srednja do zahtevna

Jelenova pot vodi skozi prostrane gozdove Snežniškega pogorja, kjer prevladujeta mir in občutek prave divjine. Začne se v Mašunu, znanem po bogati gozdarski tradiciji, nato pa poteka po gozdnih cestah skozi eno največjih strnjenih gozdnih območij v Sloveniji. Med vožnjo se odpirajo pogledi proti Snežniku in gozdovom Notranjske, ob poti pa je mogoče opaziti tudi sledi bogatega živalskega sveta.

paved and gravel surfaces | moderate to challenging

The Jelenova Trail leads through the vast forests of the Snežnik mountain range, offering peace and a true sense of wilderness. Starting in Mašun, known for its forestry tradition, the route follows forest roads through one of Slovenia's largest continuous woodland areas. Along the way, cyclists enjoy views towards Mount Snežnik and the forests of Inner Carniola, while traces of wildlife can often be seen in the surrounding landscape.

04 SNEŽNIŠKA 🚴 38 km | 795 vm

pretežno makadam | srednja do zahtevna

Snežniška pot vodi skozi prostrane gozdove in kraške planote pod Snežnikom, največjim gozdnim območjem v Sloveniji. Trasa povezuje Sviščake, Mašun in območje Gure ter obiskovalcem ponuja stik z neokrnjeno naravo in bogatim živalskim svetom. Med vožnjo se izmenjujejo prijetni vzponi, dolgi gozdni spusti in razgledni odseki s pogledi na snežniška višavja. Pot predstavlja odlično izbiro za vse, ki želijo doživeti mir in divjino snežniških gozdov.

mostly gravel | moderate to challenging

The Snežniška Trail leads through vast forests and karst plateaus beneath Mount Snežnik, the largest forested area in Slovenia. Connecting Sviščaki, Mašun, and the Gura area, the route offers a close encounter with unspoiled nature and rich wildlife. Cyclists enjoy a combination of steady climbs, long forest descents, and scenic sections with panoramic views across the Snežnik highlands. It is an excellent choice for riders seeking peace, wilderness, and an authentic outdoor experience.

08 MEDVEDOVA 🚴 27 km | 460 vm

makadam | srednja zahtevnost

Medvedova pot vodi skozi prostrane gozdove Snežniškega pogorja, kjer je narava ohranila svoj divji in neokrnjeni značaj. Začne se v Mašunu, znanem po bogati gozdarski tradiciji, nato pa poteka po gozdnih cestah skozi eno najbolj ohranjenih gozdnih območij v Sloveniji. Med vožnjo se odpirajo pogledi proti Snežniku, v tišini gozdov pa lahko opazimo tudi sledi bogatega živalskega sveta, po katerem je pot dobila ime.

gravel surface | moderate difficulty

The Medvedova Trail runs through the vast forests of the Snežnik mountain range, where nature remains wild and unspoiled. Starting in Mašun, known for its forestry tradition, the route follows forest roads through one of Slovenia's best-preserved woodland areas. Along the way, cyclists enjoy views towards Mount Snežnik, while the silence of the forest reveals traces of abundant wildlife, including the brown bear after which the trail is named.

12 GOLJAK 🚴 45 km | 960 vm

asfalt in makadam | zahtevna

Pot Goljak vodi skozi mirne gozdove in kraško pokrajino nad Ilirsko Bistrico. Trasa večinoma poteka po makadamskih in gozdnih cestah ter ponuja prijetno kombinacijo vzponov, spustov in razgledov na okoliške hribe. Območje Goljaka odlikujejo odmaknjenost, tišina in neokrnjena narava, zato je pot odlična izbira za kolesarje, ki želijo pobegniti od vsakdanjega vrveža. Primerna je predvsem za gravel in gorska kolesa.

paved and gravel surfaces | challenging

The Goljak Trail leads through peaceful forests and scenic karst landscapes above Ilirska Bistrica. Following mostly gravel and forest roads, the route offers an enjoyable combination of climbs, descents, and views of the surrounding hills. The Goljak area is known for its remoteness, tranquility, and unspoiled nature, making this route an excellent choice for cyclists looking to escape traffic and experience the wilderness of the Snežnik region. It is particularly suitable for gravel and mountain bikes.
